

Request for Quotation Private FSE Training Courses

- TÜV Rheinland Functional Safety Engineer - (5 days – with certification)
- Functional Safety Introductory course (2 half days)

We can provide both courses as private in-house courses on demand.

The maximum class size is 15 for face-to-face training. On-line classes are limited to 10. There is no minimum class size, but the minimum course fee for the FS Engineer course covers up to 5 students.

The fee for the introductory course is fixed, independent of class size.

Please complete and return this form for a quotation.
